I would really like to give a shout out and a huge THANK YOU to **Angelo Moultair** who has stepped up and has taken the role of Social Media Chair. I asked Angelo to share a few words about the committee and his vision for this initiative and here is what he had to share.

"Given how important and impactful social media has become in recent years and at the same time coaching trending in the same direction, it made perfect sense to combine the two with our newest committee, Social Media.

The Social Media committee will serve you around the following four areas: Development- keeping you in the know with industry best practices; Engagement- keeping you informed on what is happening and how you can take part; Educating the market place about coaching and the amazing talent we have to tap into; and Recognition of the great things happening in the NYC Chapter, such as accreditation, featured members, and the many other ways there are of shining a light on your great work you put in to make our chapter great!

If you would like to be apart of the member-focused effort please contact me at angelojmoultair@gmail.com or just simply help by following us on LinkedIn or Facebook, with more platforms to come."

Thank you **Christine Walsh, ACC**, whose webinar on *The Joy of Making Money In Your Coaching Business* introduced us to 1) the 3 biggest myths of making money as a small business owner and how to get beyond them; 2) new perspectives around your relationship with money and how to translate that to revenue with more ease and flow; and 3) unlock the keys to taking aligned action in your business every month.
