## President's Message

Dear Coaches!

I hope you are enjoying your summer. I can't believe that the first six months of the year are over and am amazed of what we have accomplished. I am proud to serve as the chapter President and honored to be among such an incredible group of men and women, **you**, our members and our coaching community.

*Here are some of the highlights from the past six months:*

- Our **Volunteer Program** launched January! Thank you so much for those of you who have committed your time, skills, and talent to each of the committees.
- We have increased our **Social Media Presence** and I am so happy to see how engaged our chapter has been in supporting these efforts. A big thank you to **Angelo Moltair and his Social Media Ambassadors** for making this happen.
- The **Community Outreach** program has really taken off and we are deeply committed to providing coaching to the community. Thank you to **Margaret McLean Walsh and Angelo Moltair** for leading these initiatives.
- **CoachCafe!** has grown over the past several months, expanding beyond Manhattan, to Brooklyn, Queens, Staten Island, and White Plains. Huge thank you

to **Mindy Gewirtz and Julie Simon** for coordinating everything.

- We have had three big events since the beginning of the year; Team Coaching in March, Coach Salon in May, and most recently Neuroscience in June. Thank you to **our incredible Board and the professional development and special events committees** for making these events possible.

It was great to see so many of you at the June 7th event, "Neuroscience: Why It Matters in Executive Coaching" - **Dr. Terry Maltbia's** presentation was inspiring, engaging and insightful. Thanks to Board Members **Susan Ginsberg-O'Sullivan, Sue Negrey, Robin Schletter, Margaret McLean Walsh, Carolyn Carlson**, and the committees for managing all the logistics. And thanks to all who supported the effort!

**Dr. Maltbia** wants to continue the conversation by raising questions and giving ICF members a platform to "buzz" with others about their thinking/experience, and sharing some basic neuroscience concepts and providing interactive opportunities for folks to make connections to coaching. If you are interested. **Dr. Maltbia** has created a LinkedInGroup <https://www.linkedin.com/groups/8679583> with the same name as the event; click on the link to join the group and continue the conversation.

**Membership:** Welcome to our **23** new ICF NYC Chapter members! Happy to have you with us.

**New Credentials:** Congratulations to our **12** newest credential holders.
